

# Generation Learner Journey

*Generation*

**Learn about Generation** through an ad or a posting

**Apply online.** Fill out the application form and get registered

**Complete a recruitment process.** It includes assessments and an interview

**Get onboarded.** Prepare for the program as you get oriented to your instructors, mentor, classmates, and to the support available. Work with the program team to ensure you have all you need ahead of training (e.g. tech needs)

**Get mentorship support.** Align on your learning and development goals with your mentor and receive social and materials support, employability and placement coaching

**Attend class.** Join class daily, for 8-12 weeks and be equipped with technical, and behavioral skills and mindsets

**Kick off your classes!**

**Prepare for employment.** Work with Career Coaches and Advisors to receive job search support – resume-building, interviewing, job application, progress tracking and networking

**Graduate after 5-12 weeks!** Join the alumni community and stay connected through online networking or as a volunteer mentor for future learners

**Interview and secure a job** as you continue to receive support from Generation and your mentors

**Start a new job!** Continue to receive on-the-job support and mentoring
